[PUBLIC ACT—No. 127.]

An Act supplementary to the "Act for the release of certain persons held to service or labor in the District of Columbia," approved April sixteen, eighteen hundred and sixty two.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the oath or affirmation required by the section of the act entitled "An act for the release of certain persons held to service or labor in the District of Columbia," to verify the statements or petitions in writing filed before the commissioners under the act aforesaid, of persons holding claim to service or labor against persons of African descent, held and discharged therefrom, under the act aforesaid, may in all cases in which the persons holding claims, as aforesaid, are infants or minors, be made by the guardian or any other person, whether separately or jointly, having the custody, management, or control by law of the person and property of such infants or minors, and that in all cases in which the persons holding claims as aforesaid are non-residents of the District of Columbia, or resident absentees, the oath or affirmation required as aforesaid may be made by the attorney or agent of said non-resident or resident absentees, and in all cases in which the statements or petitions, required as aforesaid, of persons in the military or naval service of the United States shall have been or may be hereafter verified before any commander of any military post or of any officer having a separate command of any military force in the field, or before any captain, commander or lieutenant commander in the navy, the same shall be received and deemed valid to all intents and purposes, as fully as if the verification had been or were made before any officer competent by law to take and administer oaths and affirmations: Provided, That the commissioners shall be satisfied, at the time of the verification aforesaid, the person making the same was employed in the military or naval service of the United States within the jurisdiction of a rebellious State or Territory, and unable to make the oath or affirmation required, as aforesaid, before any officer authorized by law to take or administer the same, holding allegiance to the United States.

Sec. 2. And be it further enacted, That if any person having claim to the service or labor of any person or persons in the District of Columbia by reason of African descent shall neglect or refuse to file with the clerk of the Circuit Court of the District of Columbia the statement in writing or schedule provided in the ninth section of the act approved April sixteen eighteen hundred and sixty-two, to which this is supplementary, then it shall be lawful for the person or persons whose services are claimed as aforesaid to file such statement in writing or schedule setting forth the particular facts mentioned in said ninth section; and the said clerk shall receive and record the same as provided in said section on receiving fifty cents each therefor.

Sec. 3. And be it further enacted, That whenever the facts set forth in the said statement or schedule shall be found by the commissioners to be true, the said clerk and his successors in office shall prepare, sign, and deliver certificates, as prescribed in the tenth section of the act to which this is supplementary, to such person or persons as shall file their statements in pursuance of the foregoing section, in all respects the same as if such statements were filed by the person having claim to their service or labor.

Sec. 4. And be it further enacted, That all persons held to service or labor under the laws of any State, and who at any time since the sixteenth day of April, Anno Domini eighteen hundred and sixty-two, by the consent of the person to whom such labor or service is claimed to be owing, have been actually employed within the District of Columbia, or who shall be hereafter thus employed, are hereby declared free and forever released from such servitude, anything in the laws of the United States or of any State to the contrary notwithstanding.

Sec. 5. And be it further enacted, That in all judicial proceedings in the District of Columbia there shall be no exclusion of any witness on account of color.

Approved, July 12, 1862.

SATURDAY MORNING, NOV. 1, 1862.

**CONCERT.**—We learn that Mr. Sedlak and his Amateur Band intend giving a concert, one evening next week, the proceeds to be devoted to helping the poor and destitute immigrants. This is a commendable enterprise, and does credit to the goodness of heart of those who have inaugurated this the first step towards alleviating the condition of these among the immigrants who have arrived in our city destitute of even the smallest necessaries of life. Large numbers of those who crossed the Plains this season, to seek homes among our beautiful valleys and prairies, have lost all they possessed, through the hostility of the Indians, scarcity of grass, and other unlooked for and uncontrollable exegencies, and they deserve and should receive aid from our citizens to help them through the Winter that is now almost upon us. By attending the concert, our citizens will thus kill two birds with one stone—help those who are really deserving, and pass an agreeable and pleasant hour. We're in for that concert.

ON MONDAY, the 25th of October, gold was to be thrown out of the Board of Exchange Brokers in New York as an article of merchandise. After that it will probably fall to a lower price than it has commanded for many weeks. At Richmond, it has gone up to 60 or 70 cents premium—which may serve to show how much worse off the rebels are than the loyalists.

CONVERSION OF GREEN BACKS INTO INTEREST BEARING BONDS.—We learn from the *Alta* that Sub-Treasurer Cheesman is ready to issue United States six per cent. twenty year bonds in sums as low as fifty dollars, for legal tender notes. To turn legal tender notes, at eighty-four, into these bonds, would give an interest of seven per cent. on the investment. The interest is paid semi-annualy, in cash, either here or on the Atlantic side. A coupon of these six per cent. bonds sent East, would be payable in gold.

## Thanksgiving Proclamation—State of Oregon.

Never since the birth of our Nation was there a time when we should feel more inclined to acknowledge Him who does all things well.

Ingratitude is sin. No nation in the world has ever advanced with such gigantic strides. Where much is given much is required. Have we walked in the light as we have received it? Has the moral power in the nation kept pace with the physical? Nay, verily—a forgetting of God, corruption in high places, oppression, pride, avarice and intemperance have taken too deep hold upon the hearts of the American people. The judgments which all history and the Bible teach us have been visited upon other nations that have forgotten God, are being visited upon ours.

"Hear, O Earth: Behold I will bring evil upon this people, *even* the fruit of their thoughts, because they have not hearkened unto my words, nor to my laws, but rejected it." "I will scatter them as the stubble that passeth away by the wind of the wilderness."

"But this people hath a revolting and rebellious heart; they are revolters and gone."

"They are all grievous revolters, walking with slanders; they are brass and iron; they are all corrupters."

"Therefore, thus saith the Lord: Behold, I will lay stumbling blocks before this people, and the fathers and the sons together shall fall upon them; the neighbor and his friend shall perish."

"They shall lay hold on bow and spear; their voice roareth like the sea; and they ride upon horses set in array as men of war."

"Thus saith the Lord: Behold a people cometh from the *North country, and a great nation shall be raised from the sides of the earth.*"

War, all devastating war, is crimsoning our Eastern fields—destroying our national substance and overwhelming all with gloom; yet peace, dear, sweet, abiding peace is here. Amid many evils, the laws of nature—another name for the will of God—are steadfast, honest and true. The day follows the night; rains and sunshine invigorate the earth; seed-time and abundant harvest are vouchsafed to all.

Golden treasures from the mountains are filling the hands of persevering miners in a manner, unprecedented in the history of the world. No national taxes have ever been required at our hands before, and no people has ever been more able, and I trust willing to pay them. A large accession has been made to our population. Among the number are many who have seen the sad realities of this wicked rebellion, and have come to receive what they may here enjoy—peace and prosperity among a Union loving people, in a State free from debt.

The blessings of the Great Father are still unnumbered, and his mercies ever tender. Notwithstanding our great national chastisements, trials and afflictions, the best and wisest Government the world ever saw, a Government rocked, but not overthrown, shall stand to bless unnumbered millions of the future.

"Enter into His gates with thanksgiving, and into His courts with praise; be thankful unto Him and bless His name."

Therefore, I, Addison C. Gibbs, Governor of the State of Oregon, do appoint Thursday, the 27th day of November next, as a day of Thanksgiving and Prayer and Praise to Almighty God; and I respectfully recommend to the good people of the State, that they abstain on that day from their ordinary occupations, and gather in appropriate places of worship; that they unite in expressions of gratitude to God, and in invoking His aid in restoring righteousness, peace and concord to our distracted country.

In witness whereof I have hereunto set my [L. S.] hand and caused the Great Seal of the State to be affixed, at Salem, this 30th day of October, A. D. 1862.

ADDISON C. GIBBS.

By the Governor,

SAMUEL E. MAY, Secretary of State.

### Eastern News.

LOUISVILLE, Oct. 23.—Morgan's forces, in two bands, were at Litchfield and Brownsville last evening.

CHICAGO, Oct. 24.—Late Southern papers confirm the Federal occupation of Sabine City, Texas. Fire was opened on the fort at daylight by the fleet, and the fort replied. Neither had any effect, and finally ceased, until 1 in the afternoon, when the fleet anchored close to the fort and again commenced firing, which was so hot that the rebels were compelled to evacuate. The Federals took possession at 8 o'clock in the evening.

Despatches from Kentucky indicate that Bragg is now marching on Nashville. Buell is moving toward Bardstown, to make a detour into Tennessee. Gen. Negley, at Nashville, is in somewhat of a critical position, should Bragg arrive before Buell is able to forward reinforcements, and may be compelled to surrender the city.

NEW YORK, Oct. 24.—The statement that the movements of the Army of the Potomac are delayed by want of supplies is positively denied by the *Tribune's* Washington correspondent, who says that when the matter was brought to the attention of the Secretary of War inquiries were instituted which disclosed the fact that every requisition from McClellan's army is being immediately answered, and every article called for promptly delivered. This he states distinctly and positively.

The Bolivar Heights correspondent of the *Tribune* says that more than half of the army is now under the command of Burnside, and some infer from this arrangement that when the army does move, it will do so in two bodies, under McClellan and Burnside—one to attack the front and the other the flank.

Gov. Letcher's recommendation to destroy the Baltimore and Ohio railroad, as far as known has been carried out to the full extent, from Harper's Ferry to ten miles beyond Martinsburg, by burning cross-ties, water stations and bridges, and filling up cuts, carrying off rails, etc.

FORTRESS MONROE, Oct. 23.—The steamer *Guide*, from Newbern, reports the capture of the British schooner *Adelaide*, while attempting to run the blockade at Wilmington.

WASHINGTON, Oct. 24.—Gen. Buell has been relieved from the command of the Union army in Kentucky, and Gen. Rosecrans ordered to the position.

JACKSON, Tenn., Oct. 24.—Information has just been received, which says that Major Mudd attacked Haywood's Partisan Rangers, 7 miles out of Brownsville, and killed the captain and captured about 40 prisoners, 60 horses, and a wagon load of arms, completely breaking up the party. The prisoners taken will be sent to Alton Penitentiary.

A decree has been issued in Nicaragua, that all persons coming into the Republic must bring passports, and all negroes and other degraded races are excluded.

The revolution has again broken out in Bolivia, but would probably be suppressed.

FORTRESS MONROE, October 23d.—The Richmond *Enquirer* of the 20th, says: We have nothing from the army of the Potomac. The enemy's cavalry have renewed their raids. In Fauquier, on Saturday, they visited Bristow's Station, on the Orange and Alexandria railroad. They have also visited Warrenton again in considerable force. A train loaded with stores narrowly escaped capture by them on Saturday, near Bristow's.

PLEASANT VALLEY, VA., October 24th.—Orders have been received in Burnside's command to issue no more clothing than the men can carry conveniently in a forced march. It is reported here that Hooker rejoins the army on Monday.

LEBANON, MO., October 24th.—Information has been received that a body of 500 guerrillas camped last night 25 miles west of this place. A Federal force was sent against them this morning. Nothing has as yet been heard as to what they have done. The guerrillas fell in with the mail coach yesterday, capturing five passengers, all U. S. officers, the horses and the mails.

GALLIPOLIS, Ohio, Oct. 25th.—Gen. Morgan has arrived and is now in command of his division at this place.

CAIRO, Ill., October 25th.—The contrabands at this point are suffering intensely for want of clothing. We have now in the neighborhood from 800 to 1,000 men quartered in open buildings, most of them almost naked and nearly destitute of bedding. Two are said to have died from exposure last night.

WASHINGTON, October 25.—The following has been received by Gen. Halleck, from St. Louis: Our arms are entirely successful again in north-west Arkansas. Gen. Schofield, finding that the enemy had encamped at Pea Ridge, sent Gen. Blunt with the 1st division westward, and moved towards Huntsville with his reserve force. Gen. Blunt, by making a hard night's march, reached and attacked the rebel force at Maysville, near the north-west corner of Arkansas, at 7 o'clock on the morning of the 23d. The enemy was estimated at from 5,000 to 7,000 strong. The engagement lasted about an hour, resulting in the total rout of the enemy, and the loss of all his artillery. A battery of 6-pounders and a large number of horses, and a portion of their transportation and garrison equipments were captured. Our cavalry and howitzers were still in pursuit of their scattered forces, when the messenger left.

Our loss is small. Gen. Scofield pursued Gen. Hindman beyond Huntsville, coming close upon him, when his force precipitately fled beyond Boston Mountain. All the organized forces of the rebels have thus been driven back to the valley of the Arkansas river, and the army on the frontiers has gallantly and successfully accomplished its mission.

GEN. CURTIS.

NEW YORK, October 25.—Exchange dull at 144½ for banker's bill; gold firm at 31; bars quiet—nominal; stocks without change.

CHICAGO, October 25.—By the arrival of the steamship *Saxon* at New York, on Saturday last, from Havana, it appears that considerable excitement prevailed in that city in consequence of an alledged outrage by the officers of an American man-of-war. The facts of the case are briefly these: On the 7th, a steamer was seen rapidly approaching the Spanish coast, 6 miles westward of the Moro Castle, pursued by a man of war steamer.—She had the British colors flying and was clearly endeavoring to make the harbor of Havana, but the Federal vessel headed her off and the vessel was forced to run ashore.—Launches were at once despatched from the cruiser for the purpose of capturing the captain and crew, and getting the vessel off if possible before reaching the shore. However, a detachment of Spanish soldiers appeared, when the commander of the boats ordered the vessel to be fired, which was done, and the cruiser proceeded to sea. The ship destroyed proved to be the steamer *Blanche*, believed to be from Port Lavaca, Texas, with a cargo of cotton. The name of the Federal vessel is not stated. It is said the facts of the case will be laid before the Home Government.

NEW YORK, October 25.—We have but little news this morning. A Bolivar Heights correspondent of the 24th says contrabands from Stonewall Jackson's command report that after the [illegible] destruction of the Baltimore and Ohio Railroad, west of Martinsburg, the entire rebel army commenced falling back yesterday morning, and that [illegible] Lee's intention is to [illegible] near [illegible] to Gordonsville. This falling back seems to be corroborated by the unusually strong pickets in our front yesterday and to-day. [illegible] morning a squad of rebel cavalry came upon our videttes unperceived, and dashed into our infantry pickets, but were driven back with considerable firing on both sides.

PHILADELPHIA, Oct. 25.—The official returns of 6[illegible] out of 65 counties of the State, and a reliable estimate of the four remaining ones, give Slenker, democratic candidate for State Auditor, [illegible] majority.

BOSTON, Oct. 25.—A destructive fire occurred at Acton, Mass., last night, which destroyed property valued at $25,000.

WASHINGTON, Oct. 25.—The *Star* says we have very late information from the country between the lines of Gen. Sigel's corps and Gordonsville. Three days ago, the only rebel troops occupying it were a regiment of North Carolina cavalry, with a regiment of infantry. They had their headquarters at Warrenton, with their pickets along the Rappahannock. At times they sent out small parties in various directions. Culpepper Court-house had then ceased to be the railroad terminus, at which place supplies from Richmond for Lee's army were put on wagons. They are now taken to Staunton, and wagoned all the way up to Winchester. This change is doubtless caused by the fear lest Sigel should cut off their transportation, which he could do if they continued to travel the roads from Culpepper Court-house to Winchester.

CAIRO, Oct. 25.—The steamer *Empire* reports that the rebels have possession of the Tennessee shore, opposite Island No. 10.

The Houston *Telegraph* extra of the 9th October gives the following particulars of the occupation of Galveston by the Union forces: The Federal commander notified the citizens that four days would be given for the removal of the women and children. At the evening of the last day the rebel troops commenced evacuating the city, which was occupied by the Federals the next day.

We learn from Memphis that a frightful accident occurred on the Mississippi Central railroad, below Slack Hill Station, Sunday last, by a collision of two trains; 30 persons were killed, and nearly 60 wounded, most of them soldiers. The accident was the result of carelessness.

NEW YORK, Oct. 26.—We learn by the gunboat *Pocolah*, eight days from Key West, that Admiral Dupont was expected back from the North with instructions to proceed on a hostile demonstration at once. It was thought that Mobile and Charleston would be attacked on his return.

The mortar fleet at Pensacola had received sailing orders—all vessels belonging to it which had arrived were heavily armed.

The yellow fever was rapidly disappearing from the squadron, and but a few deaths have recently occurred.

CINCINNATI, Oct. 25.—Official returns show a democratic majority for Supreme Judge of 8,740. The democratic vote has increased 35,000 over last year. The Union or republican vote has decreased 28,000. The total vote of the State has fallen off 78,000.

CAIRO, Oct. 26.—A Federal force, numbering 200 men, with one piece of artillery, stationed at Waverly, Tenn., was attacked on Thursday last by 800 rebels. The latter were repulsed with a loss of 24 killed, 25 captured, and a large number wounded. Our loss was 2 killed and 2 wounded.

From several sources we learn that there is great activity in the army of the rebels in the vicinity of Helena, Ark., Holly Springs, Miss., and Vicksburg. They evidently contemplate an attack, but at what point is not known. The number of troops at Holly Springs is said to be 70,000. This, however, is probably an exaggeration.

An officer from Vicksburg reports that the Conscription Act is vigorously enforced. Every man under thirty-five is in the army.

SANDY HOOK, Oct. 24.—The steamer *Ariel*, from Aspinwall, reports the ship *Kyper*(?) from New York for San Francisco, as totally lost off Cape Horn. Only four persons were saved.

The ship *Erie* was seen on the 20th of August, 70 miles south of Cape Horn, abandoned and dismasted.

SAN FRANCISCO, Oct. 26th.—Mr. Kelly who was severely injured by flying splinters and being scalded by the explosion of the boiler of the National flour mills, died last evening. This makes four who have been killed besides a number wounded. The cause of this dread ful calamity is not explained and probably never will be, as both engineers were killed, one being about to relieve the other.

The remains of Mr. Brown, the jailor, who was inhumanly butchered at San Jose by F. Hernandez, were brought here yesterday and buried to-day.

W. H. C. HOSMER, the well-known poet, has enlisted as a private in a New York regiment.

**White's Patent Lever Trusses.**—These instruments are recommended to the public as the best ever yet invented. The principle is new and different from any other. The Pad works over a Knuckle, giving it a circular INWARD and UPWARD motion, thus being able to support the rupture with half the pressure required by other Trusses. The pain consequent upon heavy pressure is thereby avoided.

These instruments will not rust, and are the lightest, most durable and most cleanly of all others. They can be washed at pleasure. Many persons have been cured by them of ruptures of several years standing.

## CITY.

**The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.**

THE DAILY OREGONIAN may be had at the Franklin Book Store, and at Charles Barrett's, Front street.

TWO MORE LECTURES.—Mr. J. E. Vinton will deliver lectures on temperance, on Sunday and Monday evenings next, in the M. E. Church of this city. Those who have attended Mr. Vinton's lectures were highly entertained, and we bespeak for him a full attendance on next Sunday and Monday evenings.

RECORDER'S COURT.—Yesterday morning R. Danforth was up before the Recorder, charged with disorderly conduct—fined five dollars, which he paid and was discharged.

Dennis Brannon was arraigned on a similar charge, but the complaint was withdrawn, defendant paying the costs.

Oref Lemmison and Wm. Bough, for disorderly conduct, were fined five dollars and costs, after paying which they were discharged from custody.

DIED.—Mr. Brady, the person so seriously injured on Tuesday last, at the mill of Harbaugh & Stitzel, died at 5 o'clock on yesterday morning. The funeral obsequies will take place from the Catholic Church to-morrow at 10 o'clock A. M.

SAILS.—The steamer *Pacific* is advertised to sail for San Francisco *via* Victoria, at 6 o'clock this evening.

PER STEAMER JULIA.—This steamer arrived from the Cascades last evening at about seven o'clock, having on board about one hundred and thirty passengers, a large number of horses, &c.

COLD.—Last night was the coldest night we have experienced this Fall.

THE HARPER'S FERRY SURRENDER.—An officer on Gen. Sumner's staff writes to a friend in San Francisco as follows, after describing the victory at Antietam:

The Harper's Ferry surrender deprived us of the most substantial fruits of this victory. Had Col. Miles held out 24 hours longer, we could have annihilated the rebel army, as by gaining this place Jackson was able to reinforce Lee. Otherwise we could have destroyed them in detail, which we have no doubt was Gen. McClellan's plan. Now, we must commence a new campaign in Virginia.

**FIELD'S STEAMED OYSTERS!**

MR. A. FIELD, whose Oysters have long enjoyed the highest reputation in this market, has recently invented an entirely new process of packing, which possesses every advantage over the one hitherto employed. It so preserves the natural flavor, freshness and shape of the Oyster that they may be either Stewed, Fried, Scolloped or Fancy-Roasted—in fact, cooked in any manner adapted to those just taken from the shell. They will not be broken into pieces by land travel, however lengthy, and will retain their sweetness, after the can is cut, longer than secured by any other method.

Shipments arrived and for sale by all the Grocery Jobbers in San Francisco.

**PAIN PANACEA.**

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can confidently say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and it will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea six or times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa, or a relaxed state of the bowels take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

## Washington County Agricultural Fair.

We have been furnished by a friend with the following description of the Agricultural Fair of Washington county, held at Hillsboro on Wednesday and Thursday, 15th and 16th instant:

FOREST GROVE, Oct. 19.

I was there on Thursday; the day was fine, the air was pure, the sun cheerful as in Summer; in fact, it was a real Indian summer day; except, instead of the smoke and murky haze which is usually seen in the Atlantic States the sky was bright and clear. These days are beautiful, real halcyon days, fully equal, not to say superior to our own New England autumns except that the maple groves are not here with their gorgeous colorings.

I will give you some general and some particular accounts of the objects of interest, that you may judge somewhat intelligibly of the resources of the county, and of the success with which they have been improved. On entering the Court-House yard (the place of the Fair) my attention was first attracted to some fine sheep—beautiful specimens of their kind, raised by Mr. T. G. Naylor, of Forest Grove, President of the Society; fine Merinos. One or two animals presented by others were perhaps equally good, but there was no other lot I thought equal to the one named. The wool of Oregon is not inferior to that of any other country.

Of the horses, there were several noble looking beasts of both gender, which would have done credit to any Fair in this State or any other. A few presented, appeared well as buggy horses, and several others by their prompt bearing and dignity added great grace to the equestrian part of the exhibition in which the ladies participated. Most of the horses presented, seemed to possess the power of great strength or speed and perhaps in some cases both combined in a high degree.

Upon entering the Court-House I discovered in the Hall a large collection of garden and field products. The first thing in order was a lot of fine large yellow pumpkins of eastern memory, which brought vividly to mind pumpkin pies (best of all pies) and Thanksgiving day. We miss the many varieties we had in Illinois, but the kind of squash-pumpkin we had there is finely represented here. Against the wall hung a bunch of tobacco leaves which appeared well grown and of fair size; and though I pity that man who is necessitated to eat it, yet it seems that one of two things may be successfully done; either to discourage the use of the weed or to encourage its cultivation.

There were some good specimens of turnips. A variety, called the Sweet Russia, which I have not met before, were exceedingly large, and said to be of good quality. There were also some good specimens of beets: the long red, I should think full two feet in length, and a [illegible], raised by Mr. McMillen, weighing something over 14 pounds. The carrots were comparably good. They are extensively and easily raised here by many as feed for horses, cows and sheep. I saw one little patch, a trifle over an eighth of an acre, raised by Rev. C. Walker, of Forest Grove, which produced 4,740 pounds of carrots, which is not a bad yield for any region. Onions were well represented by some big specimens, of what variety I know not.

The potatoes were better than we usually have in Illinois. There were several varieties, all handsome; but one especially attracted my attention, resembling our old round white potatoes, but enormously developed, so that I should judge twenty or thirty would make a bushel. Potato here in Oregon is of excellent flavor, and yields bountifully. There were some fine looking beans of a large white variety.

Of the grains, there were good specimens of oats and barley, easily raised and yield abundantly. The wheat was, I think, the finest I ever saw. There is a variety called Noah's Island, which is white and of very large and full kernel, productive, and superior for flouring. A field of Mr. Naylor's, of 40 acres, yielded 40½ bushels per acre. I am told that 47 pounds of superfine flour have been made from a single bushel. So you perceive, in its capacity for breadstuffs, Oregon is not behind the very chiefest State of the Union; in fact, I am persuaded that the soil of Oregon is preeminently adapted to this staple. The buckwheat was excellent; the kernel clear, plump and heavy, suggestive of buckwheat flapjacks for winter breakfasts.

Corn was represented by that familiar variety known as King Phillip's, so modest and neat as compared with the lawless and overgrown ears of the Western prairies. The nights are too cool here for corn to flourish luxuriantly, though enough is raised for hominy and johnny-cakes. The want of success in this crop is undoubtedly owing to the climate, and not to any lack of fertility in the soil.

I then went above, and found the Pomological Department finely represented. I would like to describe particularly many of these magnificent specimens, but for the present you must be content with a hasty glance. Therefore, generally, I would say that Oregon is one of the best if not the very best fruit countries in the world. The apple especially is prolific in varieties, excellent in flavor, large in development, and as yet perfectly free from worms. One lot I noticed, raised by T. G. Naylor, of 36 choice varieties, among which were some White Bellfleurs of extraordinary size; also, different varieties of pears, with peaches and quinces. I may as well say of these what is true of all, that they seemed of the greatest perfection and beauty. Another lot raised by W. T. Watson contained 52 varieties of apples. A Blue Pearmain measured 17¼ inches in circumference; a Baldwin 16½. Mr. Watson also showed me some fine peaches and plums. The plums, called St. Martin's Late, are very sweet, stewing into delicious sauce without the aid of sugar. A variety of pears called the Vicar of Winkfield were very large and beautiful, and some fine bunches of ripe Catawba grapes were delicious to those who like them.

All the common varieties were represented in great perfection, while the more choice and rare kinds showed a most commendable interest manifest in this department.

In the ladies' department there was not a great display, though what there was bespoke good sense and taste. There were several glass jars of fruits of various kinds preserved in the most perfect manner. There was a fine jar of pickled beets; some fine looking butter and cake. There were bed-quilts of elaborate patterns, and embroidery of neat design, displaying much artistic skill in execution; also a picture or two, showing that the fine arts were not entirely neglected in the busy realities of actual life.

An oration was delivered by Rev. Dr. Marsh, of Forest Grove, which was listened to with profound attention and gave entire satisfaction. I considered the oration one of the best I ever heard, doing much credit to the speaker and honor to the occasion.

After this it was announced the ladies would ride. There were five of these, and as they were all strangers to me, I had no partialities to contend with—no favorite to stand between me and another's merits. Their horses walked once or twice around the ring, when they were quickened into a slow trot, and finally into an easy gallop, in which gait they rode round two or three times. They all rode well. Each one by her special friends was supposed to possess some peculiar ability, beauty or grace; but without going into details, I will not discriminate, but simply and emphatically repeat, *they all rode well.* This ended, we prepared to go home.

The State Fair was spoiled by rains; this was blessed with glorious days; and now some eight hundred souls went their way rejoicing. Most especially myself was pleased and favorably impressed with the progress of the young but growing State, convinced that her resources are such as to encourage any thorough-going, enterprising man to make his home within her borders.

### U. S. ASSESSOR'S NOTICE.

PERSONS SUBJECT TO EXCISE DUTIES under the Revenue Law of the United States, approved July 1st, 1862, entitled "An Act to provide Internal Revenue for the support of the Government, and to pay Interest on the Public Debt," are hereby notified that the law went into operation on the 1st of September.

All persons engaged in occupations requiring daily, tri-monthly, monthly, or quarterly records or returns, are informed that the Assessor's Department will be organized as speedily as possible. Meantime THEIR RECORDS should commence September 1st, in order to insure uniform justice to themselves and the Government, as the Law will be retrospective in its application to all classes subject to excise, whatever necessary delay may occur in organizing the Department. The Section relating to Stamps will take effect from and after October 1st.

THOMAS FRAZAR,
Assessor for Oregon.
